*Specialty Vets for Special Pets*

### Who is Veterinary Specialty Center of Tucson (VSCT)?

Just as your family physician may refer you to a specialist, your family veterinarian may suggest your pet see a board-certified, veterinary specialist. When you choose VSCT you can be confident that you are selecting the specialty and emergency center preferred by Southern Arizona's family veterinarians and pet owners.

Our dedicated and experienced team uses their great skill and love of animals to provide your pet with the best chance of a happy, healthy recovery in our state-of-the-art, award-winning facility.

Whether you need a caring, helpful voice on the phone in the middle of the night, or a full team to treat your critically ill or injured pet, we are available 24 hours a day, 365 days a year. Throughout your pet's care and treatment we work closely with you and your family veterinarian to achieve the best outcomes.

VSCT specializes in:

- Emergency and Critical Care
- Surgery
- Internal Medicine
- Neurology/Neurosurgery
- Dentistry/Oral Surgery
- Ophthalmology
- Dermatology
- Radiology/Teleradiology/Ultrasound/CT
- Behavior /Behavioral Training
- The Valley Fever Center for Excellence

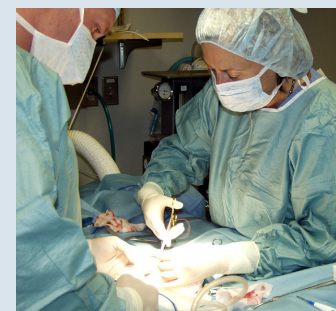

### What Makes Veterinary Specialty Center of Tucson Special?

VSCT is special because we focus solely on specialty and emergency services and we do 24 hours a day, 7 days a week, 365 days a year. All of our doctors are full time employees and reside locally – none are outside consultants who work in multiple hospitals or locations and are therefore only available at certain times and dates. In these ways VSCT provides you and your pet with a more well rounded and in-depth set of services than any such center in Southern Arizona.

### What Makes VSCT a Medical Trendsetter?

VSCT provides only the most up-to-date, state-of-the-art care. We were the first center in the area to offer:

- VSCT established a blood donor program for critically injured pets when national blood bank supplies run short.

Thanks for your interest in VSCT. For more information, please visit our website:

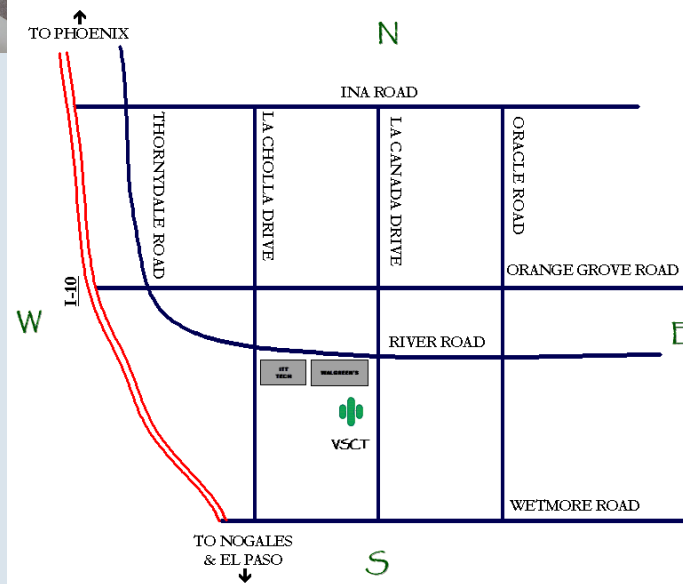

[www.vscot.com](http://www.vscot.com).

- Digital x-ray imaging,
- In-house helical CT diagnostic scanner,
- Continuous respiratory ventilator support,
- Laparoscopic (minimally invasive) surgery,
- Stem cell therapy,
- Non-cemented hip joint replacement,
- TPLO knee reconstruction, and
- The Valley Fever Center for Excellence.

### What Makes VSCT an Educational and Philanthropic Trendsetter?

VSCT gives back to our community:

- We created the not-for-profit Cause Four Paws to help the less fortunate pet owner obtain emergency care for their beloved pets,
- VSCT offers discounts to certified service dogs,
- We provide medical care to local pet shelters,
- VSCT offers more complimentary education to veterinary professionals and support staff than any other hospital in Southern Arizona,
- We formed & facilitate the Southern Arizona Veterinary Managers Group,

We are proud to provide

## VSCT in the News

"... if you need emergency care, Veterinary Specialty Center of Tucson is the place. It's open 24/7 and specialists work full-time under the same roof."

- The Challenge of Sealing the Cracks, 2/6/09

"The Veterinary Specialty Center of Tucson stands out for its unique design — both inside and out. The hospital, centered around an intensive-care unit, features the latest technology...and is equipped to handle the most serious animal injuries."

- Stylish Place for Ailing Pets, 6/06

Advanced Technology: "Veterinary Specialty Center of Tucson wins customer service award for companies with 36 employees. They embrace several core values such as Service Excellence, Guidance and Counsel, Care and Comfort, Cleanliness and Harmony, Learning and Growth, and Health and Well-Being."

- ASBA Celebrates Tucson's Small Business Stars, 3/08

"The receptionists at this veterinary clinic, which is housed in a cool modern building on the northwest side, dress like flight attendants and are courteous, knowledgeable and caring - which is definitely a good thing, as an emergency visit to the pet doc is rarely an experience that can be labeled "fun". We've heard from several satisfied customers that this is one of the best vet places in town, with docs specializing in surgery, internal medicine, dermatology, and critical care. No matter what ails your little loved one, we recommend Veterinary Specialty Center of Tucson."

- Best of Tucson Award: Best Vet, 2006
